

Roundballers to Open District in Anson Tuesday

The Pipers and Piperettes will open district roundball warfare Tuesday night in Anson when they take on the Tigers. The B game will start at 5:30, the girls at about 7 and the A boys at about 8.

All three teams have one more non-conference game on tap before the district battle opens, this is with Jayton tonight (Thursday). The games

will be played in Jayton and will start at 5:30.

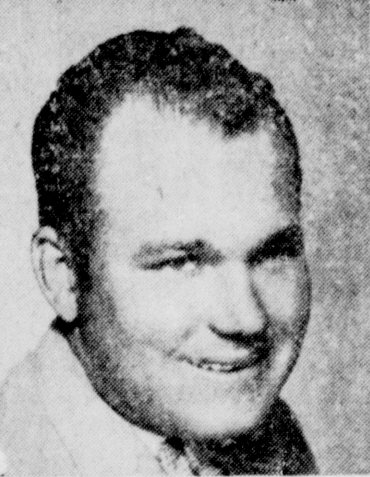

Coach Jerry Larned's Pipers evened up their season record here Tuesday night when they fell to Snyder, 59-49. They now have an 8-8 record. Mike Shivers was high point man in the Snyder game with 18.

The Pipers will be opening the season against the district favorites, Anson, Tuesday. In a poll of district coaches Anson was picked on top, followed by Stamford, Haskell, Winters, Hamlin and Ballinger. Anson and Haskell have each lost only two games this season and Anson was winner of the McMurry and Hawley tournaments.

The Piperettes, under Coach Dan Truelove, own a 12-4 season record and are probably co-favorites for district honors, sharing in the lead with Lakeview and Haskell. Lakeview is new to this district this year and were bi-district champions in their old district last year, falling to Hamlin in the Regional Tournament in Lubbock.

Shivers and Robert Pearce

share the top scoring honors for the Pipers according to information kept by Larned with Shivers scoring 278 points during the season and Pearce 280. Shivers average is 17.3 and Pearce's average is 17.4. Doyle Bell is the team's top re-bouncer and Larry Butler is top defensive player having been selected for the all-tournament team at the Stamford tourney.

BOBBY CROWLEY

Crowley, assistant postmaster since 1960, was honored by fellow employees at a dinner at the Oil Mill Guest House Friday evening at 7:30.

The postal employees presented the honoree with a gift of luggage.

Attending were: Mr. and Mrs. Crowley, Rickey and Dianna; Mr. and Mrs. Perry Sparks; Mr. and Mrs. Ed Lewis, Tony and Timmy; Mr. and Mrs. Don Elmore, Debbie and Randy; Mr. and Mrs. Johnny Hester.

Mr. and Mrs. Jack Russell, Wendy and Denise; Mr. and Mrs. Harold Bonner; Mr. and Mrs. Brad Rowland; Mr. and Mrs. E. L. Jenkins; Mr. and Mrs. Burnia Reid; Mr. and Mrs. W. L. Hunter and Mitzi and Mr. and Mrs. Roy Hennington.

Lubbock Civic Men Give Rotary Club Program Tuesday

About 25 civic leaders of Lubbock visited the Hamlin Rotary Club Wednesday noon in behalf of that city's bid for the School for Mentally Retarded to be located somewhere in West Texas.

B. E. Rushing Jr., chairman of the Lubbock group, presented the program. He explained that the school was authorized by the last session of the Texas Legislature and that is must be located west of the 100 Meridian, which is the line running North and South just west of Hamlin.

He gave requirements set for the school and the actions that have been taken by Lubbock to meet them. He pointed out that 64% of the people who live within the area bounded by the location as set out by the law live within 150 miles of Lubbock.

The group was on the fifth of their trips to the various sections of West Texas as they visited here with the Rotary Club.

The men are seeking resolutions from the various civic groups within each of the towns they visit endorsing their bid for the school.

L. J. Cunningham, president presided at the meeting.

JAMES EVANS DIES TUESDAY; RITES TODAY

James M. Evans, local mechanic and heavy machinery operator, died at Hamlin Memorial Hospital Wednesday at 6:15 a.m. after suffering a heart attack the previous day.

JUDGE THOMAS RENDERS JUDGEMENT IN RILEY CASE

Judge Owen B. Thomas of 104th District Court in Anson Friday returned judgement in a case that has attracted much interest in the county, that of Haskell Riley of Anson vs. Farm Bureau Mutual Insurance Association.

The case was tried in early November and ran for some two and a half days. The jury found for the plaintiff but amount of the verdict was left to the judge.

The farm home of the Rileys was destroyed by fire. They had insurance with two companies although they had notified Grady Flynn of Anson to cancel policy with his firm. Mr. Flynn failed to cancel the policy and his company admitted liability.

The defendant in the case, alleged arson and refused to pay. Policy with this firm totaled \$14,000 and that with Grady Flynn was for \$8,000.

Jury found that arson was not involved and that the Rileys were entitled to payment

on their policy. Judge Thomas held that the defendant company should pay their pro rata of the fire loss. He ordered payment of \$9,007.85 with \$1,157.70 of this going to pay a note at First National Bank at Anson.

Whether or not the Flynn policy will pay full amount of policy or a pro rata part was not learned. "This question was not before the court," Judge Thomas said.

The judge also entered judgement in the case of Fred Taylor vs. Kimbell Milling Co. in which Mr. Taylor has sought damages following termination of employment. Mr. Taylor while manager of the Kimbell elevator at Avoca, was transferred to the Stamford elevator as manager. He entered into testimony a copy of a letter in which it was stated that he could move back to Avoca if he chose.

Jury found for the milling company and denied claim for damages.

Lions Club to Launch Fund Drive for 'Hut'

The Hamlin Lions Club voted Tuesday to sponsor a fund raising drive to build a Boy Scout Hut to be located on the Camp Fire Girl's lot, according to Lester Minton, president.

Arrangements have been made between the Boy Scouts and the Camp Fire Council for the Scouts to place their building on the northeast corner of the lot at Southwest Ave. E at Southwest First Streets. The planned 16 x 48 concrete tile building will face to the North. Plans are underway now to

secure as much of the building material as possible as donations or at cost with quite a bit of it already secured. No definite cost estimates are available on the building as yet since the group does not know

how much of the material and labor will be donated.

The club is expecting to have to raise as much as \$2,000 for the building.

The old Scout hut that has been out at West Lake for a

number of years has been moved into town and as much material as possible will be used from it.

The Boy Scouts plan to sell the property they own that is located on SW Ave E and use the money on the project. Current plans call for the paving debt against the Camp Fire property being paid off during the drive.

No formal plans have been laid by the Lions as to the method they will use in raising the money. Committees will be appointed as soon as possible and they will decide the type of drive to be used.

Anyone interested in helping with the project in the meantime may contact either W. T. Johnson at the F and M National Bank or Lester Minton at Lone Star Gas Co.

For a number of years the Scouts have tried to maintain their hut out at the lake but vandalism has been so bad that for the past year or two they have been meeting at the Fire Station.

The local Scout Troop is sponsored by the Lions Club.

JUNIOR CLASS TO PRESENT 3-ACT COMEDY 'DEADLY ERNEST'

February 6, the Junior Class will present a three act comedy entitled "Deadly Ernest." The play is centered around the problems, laughs, and mysteries of Henry Gilcrest played by Jackie Townley. He lives in the boarding house of Aunt Ethel played by Mary Ann Elkins.

Critical Aunt Stella, played by Mary Ann Elkins, is always trying to get her sister, Aunt Ethel, to throw him out of the boarding house.

The daughter of Aunt Ethel, Pumpkin, played by Nancy Ford, and her friend, Jill, played by Carolyn Reynolds, always take up for Henry because they idolize him.

Two old maids, Clarissa played by Elizabeth Cunningham, and Ernestine, played by Marolyn Reynolds, seem to be in love with Henry also.

And then, there is Gladys, friend, played by Mary Margaret Turner, Margie, also Aunt Stella's daughter, played by Mary Lois Patterson is always dreaming and hunting men. Finally she finds a cowboy named Ernie played by Holman Jones.

While Henry is in all of his misery, he meets Mr. Bumpus, played by Larry Simpson, Mr. Bumpus and Sleepy, his friend played by Gary Caudle plan to put him out of his misery. Dr. Ernest, played by Johnny Overman, is just another upset in Henry's life. Also there is Aunt Stella's gentleman friend, C. E. Grimm, played by Pat Batchelor.

Stage director is Mrs. Charles Scott. Business manager is Mrs. Everett Gibson and stage manager is Mr. Harold Williams.

Student director is Connie Duncan and Rupert Compton is student business manager. Nancy Ford is in charge of the girls tickets and Stanley Smith is in charge of the boys' ticket sales.

J. E. PIPPIN ANNOUNCES FOR SHERIFF

James E. Pippin, former city marshal of Lueders, and until Jan. 1 a member of the Anson Police Department, has announced his candidacy for the office of Jones County Sheriff.

The 40-year-old lawman has been a resident of Jones County for five years. He resigned the Anson police force position to enter the sheriff's race.

Pippin said, "I feel that I am qualified for the job, and if elected, I will do my very best to do a good job."

This is his first time to seek public office.

Pippin is married to the former Marie Schooler of Lueders. Her parents, Mr. and Mrs. O. K. Schooler now live at Boyd Chapel.

Mr. and Mrs. Pippin are members of the First Baptist Church of Anson.

He said he planned to begin campaigning for the office soon.

Driver has over ten years experience in the oil field supply business and is experienced in sub-surface pump repairs. Frank Shield is the other partner in the firm and he will operate the Throckmorton store.

T. W. FLENNIKEN FILES SUIT; SEEKS DAMAGES

T. W. Fleniken and his wife of Hamlin have filed suit in 104th District Court at Anson, seeking damages from an Odessa contractor, W. S. Riley Jr.

The Flenikens contend in their petition that they had contracted with Mr. Riley to build a motel at Hamlin but that although they had complained on several occasions, the defendant had not completed the work. In addition, the Flenikens contend, the contractor did not use material as specified and that the construction was so faulty that damage to furnishings has resulted.

Being sought is \$25,000 in damages plus cancellation of a note and mechanics lien or reduction of this lien and note by an additional \$25,000.

In another suit, E. C. Lollar Jr. and T. A. Smith are asking damages from Great American County Mutual Fire Insurance Co. The plaintiffs who do business as Lollar Smith Trucking Co claim a truck with which they were hauling gravel was damaged near Buffalo Gap when a bank caved in. They are asking \$909.59 as damages to the truck and an additional \$1610.02 to cover truck rental while their vehicle was out of operation.

Pump Service and Supply Company Locates Here

The new year brought a new business firm to Hamlin as the Pump Service and Supply Company opened a store here on South Central. The firm is owned by two partners in Throckmorton who operate a store there and one of the partners, Horace Driver, will operate the store here.

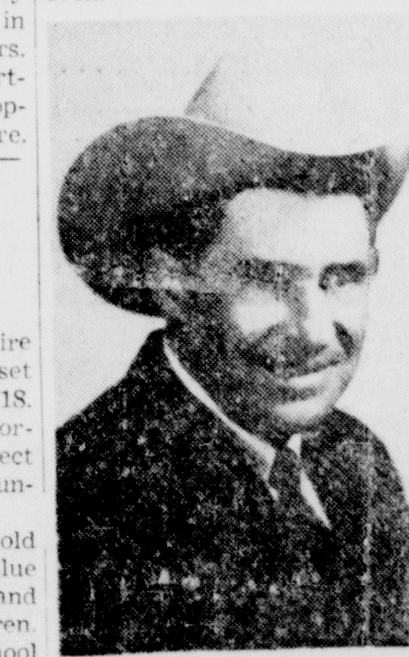

Driver, his wife and two children, a boy 7 and a girl 6, will move here as soon as they can locate suitable housing.

The company will handle oil field pumps and supplies, Fairbanks-Morse and Continental engine parts, Pacific Pumps, and Magito sales and service.

Stonewall 4-H and FFA Livestock Show Set Feb. 1

Stonewall County 4-H and FFA Livestock Show has been set for February 1 at Aspermont. This year there will be a horse division added to the show, which promises to be one of the largest shows ever, says County Agent Truette Hennig and Vocational Agricultural teacher, Beryl Jameson.

Some 20 beef calves, 40 lambs, 30 hogs, and 10 horses are to be shown. Billie Percival, County Agent from Dickens County, will judge the show.

B&PW Club to Hear District Director At Jan. 14 Dinner

Mrs. Vera Stokes of Coleman, District Director of District Seven, Texas Business and Professional Women's Clubs, will be guest speaker at the January 14 dinner and program meeting of the Hamlin Club.

The committee on Public Relations and Public Affairs of which Mrs. Ned Moore is chairman, is in charge of the dinner.

Others on the committee are Mrs. A. A. Hackley, Mrs. Bobby Seifres, Mrs. Tom Teague and Mrs. Opal Smith.

James Rodgers Speaks to P-TA Meeting Thurs.

James E. Rodgers, local Certified Public Accountant, spoke to the members of the Hamlin Elementary Parent-Teachers Association at the meeting held Thursday at 4 p.m. in the primary cafeteria. Using "Master or Servant of Finances?" as the subject, he discussed the importance of a family budget in good home management.

The invocation was given by Rev. Royce Womack, pastor of the First Methodist Church. Mrs. Bill Early gave the thought of the month.

News and Views...

and what have you

by BOB CRAIG

Sometimes you can be amazed at how easy it is to get things done when you just try. W. T. Johnson is finding this out since he started work on the Boy Scout Hut to be built on the Camp Fire property.

Johnson got interested in the project this past Sunday and by Tuesday he had all of the sand and gravel needed, the plumbing work donated, the steel for the foundation donated, leads on most of the other material, and an undetermined amount of labor and money promised.

W. T. says he is just holding his breath now for fear that there will be a hitch somewhere.

The project started out to be relatively simple in that a group of men interested in Scouting and the Lions Club were going to move the old hut to town and fix it up, but after some went out to look at the building they decided that it would cost more to make something out of the building than it would would to build a new one.

Like most worthwhile projects you can find a great number of people ready to help in anyway they can of somebody will just get them started. In this case it was W. T.

While there have been some who doubt the wisdom of locating the Boy Scout hut on the same lot as the Camp Fire hut, it will probably prove in the long run to be a very profitable venture for both groups in that it will be easier to make something that the whole town can be proud of with both organizations behind a more or less single project.

It would seem to us that the project should not end with the construction of the Boy Scout hut but should continue until the Camp Fire hut is either remodeled or replaced. This would be a good undertaking for either the Lions Club or some other civic club to take over after this first drive is finished.

With County politics shaping up into some possible race and with this to be a Presidential election year, poll tax receipts should be in great demand.

While there is a lot of confusion over the poll tax issue this year, they will still be needed to vote in Texas for another year.

Poll tax receipts are being issued again at BCD office as a courtesy of the organization, and since a great number of people did not pay their poll taxes when they paid their other County taxes the local sub-station should be a service this year to even more people.

Tickets will go on sale this week to the annual BCD banquet and for people who are looking for a bargain this is their opportunity. The tickets will be sold here in Hamlin during the month of January for \$2.00, this is 50c less than the regular price that will be charged between the first of February and the banquet on the seventh.

The organization voted to try selling the tickets at a reduced rate in the hope that more local people will attend.

ROY ARLEDGE SEEKS SECOND TERM IN HOUSE

State Representative Roy Arledge authorized the Hamlin Herald to announce this week that he will seek re-election to the State Legislature.

Arledge, a Stamford business man, is seeking a second term to the House of Representatives from this district.

He will make a formal announcement at a later date.

Mid-Term Exams To Start Tuesday

Mid-term examinations begin next Tuesday, Jan. 16, at Hamlin High School. The examinations will be held Thursday. The students will be out for lunch from 11:45 to 12:40 on these days.

The examination schedule is as follows: Thurs., Jan. 16, period 1, 8:45 to 10:10; period 2, 10:15 to 11:45; period 3, 12:45 to 2:10; period 4, 2:15 to 3:45.

Friday Jan. 17, period 5, 8:45 to 10:10; period 6, 10:15 to 11:45; period 7, 12:45 to 2:10.

Students are required to remain in the examination room for one hour. After this time students may leave the building or report to study hall.

Trial Date Set for Stamford Murder

Monday, Feb. 24, has been set as trial date for four Stamford Latin-Americans charged in the murder of a migrant cotton picker in Stamford Nov. 10.

Six were indicted for the offense which occurred in the barracks of Stamford Coop Gin, but two of those charged were juveniles and can not be tried for murder until they become 17 years of age.

Facing murder counts will be Seledonio R. Delgado, Jessie Cedillo, Raymond Cedillo and Joe Lopez. They are charged with beating 55-year-old Antonio Meza on Nov. 9 so badly that he died the following day.

NEINDA PHILOSOPHER WORRIED ABOUT THE 27 PEOPLE IN TOWN WHO ARE DEPENDING ON HIM

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 has encountered some statistics, his letter this week indicates.

Dear editor:

If you can believe statistics, the farm population of the United States finally will get about to zero, and my theory will be borne out that the government will set up a preserve to protect the few last remaining farmers like it does the disappearing whooping cranes.

I thought it was bad enough when the percentage of farmers in this country dropped to 20 per cent, but then it fell to 15, then to 12, and according to the last estimate only 10 per cent of the people of this country are now farmers.

Furthermore, I heard an expert on television last night predict that the future will drop to 6 per cent in a few years, and that whereas each farmer now feeds 27 people in town, it won't be long before he's feeding 35.

I am not prepared to say that farmers who have been moving to town are culls, as a friend of mine contends, because it's been my observation that most towns and cities had problems they couldn't handle long before farmers moved in. Town problems can't be blamed on ex-farmers anymore than Washington can be blamed for Congress. I have no figures on what percentage of Congressmen are ex-farmers.

who's doing the dishes tonight?

That's a silly question. I take it for granted you are, mom. Do you know that it's been proven the average woman puts in over sixty 8-hour working days per year in hand-washing dishes? ... time that you can put to far better use.

An automatic dishwasher is the answer to your dishwashing chore. It will save you more than half of your after-meal cleanup time, and keep the kitchen neat and clean after between meal snacks. As sure as I'm Reddy Kilowatt, you'll have to admit that continuing to do the dishes by hand is about as pointless as laundering the clothes by hand.

MEN WORKING

This is the sign that should be lifted high in our beloved country — "Men Working." Men working with all they have and are, for a country that must show the world how to live in brotherhood and love and peace under God.

Let us resolve to dedicate anew our lives and our talents to our country and our God when we attend church this Sunday.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

HONORED ON ANNIVERSARY—Mr. and Mrs. D. W. Carlton, 4512 Pamela Ave., North Worth, former residents of Hamlin were honored Sunday, Dec. 28, with an open house in observance of their 50th wedding anniversary. The celebration was held in the home of a daughter, Mrs. F. L. Reynolds in North Worth. The Carltons were married Dec. 23, 1913 in Campbell. They lived in Hamlin 37 years before moving to Fort Worth. They were active members of Faith Methodist Church.

FAIRVIEW NEWS

By MRS. ELMER JOINER

A new year has come since last week's writing, but about the only difference we can see is writing 1964, instead of the 1963. We are having the same kind of weather, every one is having the same kind of colds, aches and pains, and the worst thing everyone is a year older. Even the same old TV commercials, same old political speeches, bringing in an election year, but after all, there is always something exciting about a new year, new hopes, new resolutions which are soon broken, new dreams that this year will be the best we ever had.

The new year brought the realization to this writer that my husband and I have been together for a long time. Sunday, January 5th, we were married forty years, and that is several years, according to any body's time. We were married in the old parsonage, which stood until the new church building was erected, no, the brick one, but farther back than it, by the Rev. J. H. Edmonds, pioneer Baptist pastor in Jones county.

Folks are still being sick with colds, mostly, seems like every one just can't get well at once, about this time of year it always seems to be that way. But we are glad to report that Mrs. Raleigh Bond got to come home from the hospital, Saturday.

Mr. and Mrs. Flavil Holmes had the flu last week, but are on the mend now, able to attend church Sunday. Little Kristy Leverett got over her cold in time to celebrate her first birthday, last Tuesday, which was the last day of the old year, she was a little tax deduction last year.

Mrs. Henry made a trip to Idalou, out near Lubbock, Saturday, to the home of his sister, Mrs. G. K. Bullock. Several of his folks were there, in honor of a sister, who

THE DEPENDABLES: SUCCESS CARS OF '64

\$2264* not loaded

\$2674.80** loaded

The car on top is a 1964 Dodge 330 two-door sedan. It has a unitized, rust-protected body, front seat belts, an alternator electrical system, self-adjusting brakes and a 225 cubic inch, six-cylinder engine. It will go 32,000 miles between major grease jobs, 4,000 miles between oil changes.

The car on the bottom is the same model,

a 1964 Dodge 330 two-door sedan. And we can say the same good things about it.

There's one difference. It's equipped the way many people buy cars these days.

For a fact, Dodge offers a full line of cars in the low-price field. Sedans, hardtops, convertibles, wagons, the works. They call 'em "The Dependables," because they are.

FORMER HAMLIN MAN WEDS ABILENE GIRL DECEMBER 27

Mary Jo Brazil became the bride of David Monroe Karnes in a candlelight ceremony at 7:30 p.m. Dec. 27, 1963, in the Crescent Heights Baptist Church, Abilene.

The Rev. Wayne Allen officiated at the double ring rites. Wedding music was presented by Mrs. Coleman Shaddix, organist, and Ken Mayhall, vocalist.

The bride is the daughter of Mr. and Mrs. Ben V. Brazil of 3257 Vogel of Abilene. Mrs. Darlene Lester of Bell Gardens, Calif. is mother of the bridegroom, and he is the nephew of Mr. and Mrs. W. C. Lockhart of Route 3, Hamlin.

The bride was given in marriage by her father. Her formal gown of peau de sole and chantilly lace had a molded bodice with long tapered sleeves, with a sabrina neckline sparkling with sequins. The bouffant skirt with overskirt edged in lace was caught in front with lace roses and had a chapel train. Her fingertip veil of silk illusion was held by a tiara of seed pearls. The bridal bouquet was a white orchid and feathered carnations on a white ribbon.

Attendants to the bride were Mrs. John Scott, matron of honor, Annie Brazil, sister of the bride, maid of honor, and Mrs. Simon Vead as bridesmaid. They wore identical red velvet dresses with fitted

bodices and bell skirts. Their headresses were red satin bows with brief veils. They carried feathered peppermint carnations fashioned into a nosegay.

Donna Dee Dennis of Moran and Shelly Jo Reeves lighted candles.

Evelyn Gay Wagley and Janet Kay Lockhart were flower girls. Allen Farmer was ring bearer.

Serving the bridegroom as best man was his cousin, Ardenne Lockhart. Groomsmen were Tommy Hirbain and Ralph Wagley of Moran, brother-in-

law of the bride. Ushers were Wayne Reeves and Bob Reector.

A reception in Fellowship Hall at the church followed the ceremony. Miss Ann Farmer registered guests. Other members in the houseparty were Glenda Farmer, Linda

Thorn and Mrs. Harvey Mitchell.

The bride is a graduate of Abilene High School where she was a member of Future Homemakers of America, and until the time of her marriage was employed by the G. C. Murphy Co.

THE HAMLIN HERALD

JANUARY 9, 1964

The bridegroom is a graduate of Hamlin High School where he was a member of the Hamlin High School band and is now serving in the U. S. Air Force.

Mr. and Mrs. W. C. Lockhart and Mr. and Mrs. Ardenne Lockhart were hosts for a rehearsal dinner Thursday evening at Arthur's Cafeteria.

The Girl in the Center Ring

You're looking at 18-year old Vicki Unus, Ringling's star performer in "The Greatest Show on Earth."

Authorities on physical fitness say that her performance exemplifies the grace, coordination, agility and confidence that girls can develop through vigorous daily exercise. And these are assets of body and mind that all girls could and should have—regardless of what they intend to do in the future.

But most girls nowadays shun the healthful activities that could make them look and feel better, and have more enthusiasm for life in general.

What about your young daughter? Perhaps she, like the average high school student, spends 15 to 30 inactive hours a week watching television—and less than two hours a week in activities that build physical fitness.

The healthy, energetic, self-disciplined young women that our country needs could be developed—if every school had a daily period of planned, supervised, vigorous activity. Provision of such a program in all schools of our nation is a basic national need, according to the President's Council on Physical Fitness.

To help your daughter—or your son—realize their full potential for health and physical efficiency, parents must take an active interest in initiating and improving fitness programs. Make your concern known to your local school officials and community leaders. They will welcome your interest and support.

For a free booklet to help you evaluate the physical fitness program in your child's school, write to the President's Council on Physical Fitness, Washington 25, D. C.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex. — Austin has settled back to being just the capital of Texas after nearly two hectic weeks news-wise as the vacation White House. Dozens of top cabinet officers, military leaders and federal agency heads followed German Chancellor Ludwig Erhard and his advisors to the LBJ Ranch for conferences with President Lyndon Johnson.

Encouraging predictions of progress toward world peace emerged from the President's international discussions. The federal budget and economy were spotlighted in the domestic talks.

Before he departed, White House sources gave insights into the President's thinking: He does not feel the U. S. can drag its feet until after election this year before pressing for new peace breakthroughs.

He regards civil rights and the \$11,000,000 tax cut as legislative "musts". Also, he has expressed support for the Medicare program of aid to the aged.

Reducing the budget to save money for essential human needs, including education, is regarded by the President as of concern to all Americans. He hopes cost cutting will serve as a pattern for future years.

Slum clearance and "a home for every American" are seen as goals of his administration. Some newsmen interpreted this as a likely 1964 campaign slogan.

Johnson hopes to steadily improve American preparedness. But he is strong for elimination of obsolescence, particularly old bases and installations retained in the budget for political reasons.

Congressional leaders will run their own legislative show. But the new President won't hesitate to ask old congressional friends for what he thinks is needed.

Johnson hopes to draw on the talents of both business and labor to render public service.

He is concerned about unemployment and is calling for new solutions.

PRISON POPULATION REDUCED — For the first time in 18 years, the number of prisoners in the Texas Department of Correction shows a decrease.

Department Director Dr. George Beto reports that the December 31 count was 12,150, compared with 12,203 the year before. Since 1945, there has been a steady climb in number of prison inmates.

Beto cited these reasons for leveling off: more adequate parole supervision; opening of a new first-offender unit; a pre-release program of preparing prisoners for freedom; an expanded trusty program; and overall improvement in the prison treatment program.

Prison chief said the reduction not only will save money on prison care, but also in welfare funds spent on families of inmates, not to mention restoring prisoners to productive lives as citizens and taxpayers.

PRISON SYSTEM IN-COME — Farm products and livestock produced more than \$6,500,000 of the prison system's 1962 income, according to the auditor's report just released. Other sources were: manufactured products, \$3,704,616; oil and gas leases, \$39,237; miscellaneous, \$3,287,167.

Report placed total income from farms and farm industries at \$10,144,773, with expenses of \$14,304,734 for a deficit of \$4,159,961.

Manufacturing operations include license plates, shoes, textiles, clothing and other products.

SCHOOL INCOME THREAT — Texas school income will be drastically reduced unless the Federal Power Commission set an adequate price for gas in the Texas Gulf Coast area and the Hugoton-Anadarko area of the Texas Panhandle, Attorney General Carr contends.

Carr has filed a petition to intervene in price hearings ordered by FPC to determine reasonable rates for sale of natural gas in the areas.

Earlier he filed briefs requesting FPC to set the price of all gas in the Permian Basin area at 21 cents MCF. The FPC sought a nine-cent MCF rate for casinghead gas and 12.7 cents MCF for gas well gas.

Attorney General noted in his brief that Texas levies a 7 per cent occupation tax based on market value of the gas at the well head to help support state government.

He also pointed out that the University of Texas system owns more than 4,700,000 acres of land in the Permian Basin area. Bonus money and

royalty income from this gas acreage goes to the permanent school fund for Texas education. More than 18,000,000 acres of state land are involved in the Gulf Coast hearing.

IMPORT PROGRAM "INEFFECTIVE" — Basic structural deficiencies in the mandatory oil import program have rendered it "both ineffective and politically inappropriate," according to a Texas representative to the Sixth World Petroleum Congress.

Sen. Charles Herring of Austin so concluded in his report to Gov. Connally.

The time has arrived, Herring stated, "for a comprehensive review of the program, leading toward the evolving of a whole new approach."

The Senator found "evidence of a serious monopoly trend within the petroleum industry" and no basis for assuming that corrective forces "will emerge from within the industry itself."

Herring said Texas is suffering "grave economic damage" from its attempts to balance supply with effective demand and to "serve as a balance wheel to world oversupply."

HAY FREIGHT HIKE SOUGHT — Although the hay storage has shoved prices up to double the normal, hard-pressed Texas ranchers and dairymen may have another cost increase in sight.

Railroad Commission already has been asked by the Livestock Carriers Association of Texas to increase truck freight rates on hay and cottonseed hulls.

A hearing on the application has been set by the Commission's rate division for January 30. In some cases this would mean a rate increase of more than 100 per cent.

HIGHER EDUCATION — Governor Connally is expected to decide soon whether to designate an extensive state agency to administer an estimated \$11,600,000 worth of Federal grants for college construction facilities in fiscal 1964 or create a new State commission on higher education.

Although the Texas Commission on Higher Education is responsible for the administration of State senior colleges and universities, junior colleges — which would get some \$2,700,000 of the grant money — come under the jurisdiction

of the State Board of Education. There is no State agency for private colleges.

The construction-aid program is designated for both public and private colleges. Connally's decision must meet with approval of the U. S. Commissioner on Education and be confirmed by Attorney General Carr.

A viewpoint on public education, recently advanced by a subcommittee of the Governor's Committee on Education Beyond the High School, was expressed by the Education Policies Commission of the National Education Association and American Association of School Administrators. Commission recommended that American youths receive two more years of free education after high school.

System proposed is much like that in operation in California. There any high school graduate may pursue his tuition-free education in public junior or two-year college.

RAIN - MAKING — John Carr, hydrologist for the Texas Water Commission, has been making local talks on what other states have done about legislation on rain-making.

A major in the Air Force Weather Service, Carr has been gathering information on rain-making and hurricane-breaking as it applies to the Texas climate.

STATE SCHOOL MEETING SET — Board for State Hospitals and Special Schools' Site Selections Committee will meet January 13 to discuss site proposals for locating a newly-authorized West Texas State School for the mentally-retarded.

The school, to be located somewhere "West of the 100th Meridian", has been offered a "home" by many West Texas communities, including El Paso, Lubbock, Plainview and others. All the cities are involved in ardent community campaigns for the industrial stimulation brought about by such an institution.

ARBOR DAY SET — Governor Connally has proclaimed January 17 as Arbor Day in Texas. In a special observance, the Texas Forestry Association will plant several pecan seedlings on the Capitol grounds. The pecan is the State Tree of Texas.

DINNER DECISION — Texas Democratic party will share with the national Democratic Committee \$270,000 contributed for tickets to the Nov. 22 Kennedy - Johnson "welcome dinner" which never came off. Donors will get a record album of Kennedy's last speeches and souvenir programs which had been prepared for the event.

SHORT SNORTS — Application for a charter for Texas State Bank at Abilene has been filed with the State Banking Department. . . . Irregular behavior of the business barometers in November support the belief business may be leveling off and approaching the end of the current upswing which began in February, 1961, UT Bureau of Business Research concludes. . . . Texas Water Commission will hold a hearing on January 28 on proposals to rebuild Tyler State Park Dam. It broke last summer, drawing the 1,090-acre foot reservoir. . . . Howard Dodgen, former executive secretary of the old Game and Fish Commission, will join the National Wildlife Management Institute in Texas to do research and development work. The organization is supported by sportsmen's endowment contributions. . . . John M. Hoyt of Longview has been named a Texas Ranger. He will be assigned to the Houston company of rangers, known officially as Company A.

"Enchanted Rock" between Fredericksburg and Llano, Texas, is a piece of granite some 500 feet high, and covering about a square mile.

the banquet. Some years it has been embarrassing in that there have been more people here from out of town than there have been local people in attendance.

The only way that the BCD can come out on the reduced price is for enough people who have not attended in the past to take advantage of this offer and by being able to better estimate the crowd before time to order the food. In years past the organization has had to pay as much as \$100 for uneaten food because the attendance was so poor.

We find it very hard to understand how people can complain so much about paying \$2.50 per plate for the annual banquet when they know that the organization does well to break even on the affair and even if they were to show a profit it would be for a good cause.

We hope that this reduced rate will bring the attendance up to where it should be. If this does not help the attendance and the organization goes further in the hole this year than they have in the past it is doubtful that the reduced rate can be tried again.

So why not help your fellow

citizens to have the worries of the banquet on their hands out by buying your tickets at your earliest opportunity.

Tickets are now on sale at a special "buy early" price for the annual banquet sponsored by the Hamlin Board of Community Development to be held February 7 in the high school gymnasium. During January the tickets can be purchased for \$2.00, a 50c savings over the regular price.

The program will feature introduction of new officers and the directors.

Featured speaker will be Lewis Timberlake, former Stamford resident, former state representative of the Texas Jaycees, and now of Austin where he is vice president of Western Republic Life Insurance Company.

Tickets will be sold in Hamlin for \$2.00 during this "Buy Early" special. After February the price will be \$2.50.

The reduced price on advance ticket sales to stimulate interest resulting in a better crowd and to give those in charge of food planning a better idea of the number to expect.

Mrs. Simmons Gets Trip to Mexico as Christmas Present

Mrs. James Simmons received a trip to Mexico City, Mexico, during the Christmas holidays as a gift from her brothers. Mrs. Simmons left Love Field in Dallas Christmas night and returned Sunday evening, Dec. 29.

Mrs. Simmons spent Christmas with her mother, Mrs. Julia Smyers, and her brothers, Paul and Gene, in Fort Worth before the trip.

Flying American Airlines Astro-jet, it was her first plane trip. Arriving in Mexico City in freezing weather which is very unusual for that country, Mrs. Simmons said it soon warmed up and her tours from the City were most enjoyable.

She was accompanied by a friend, Miss Ellen Royce, a teacher in Grand Prairie schools.

Roundballers to Open District in Anson Tuesday

The Pipers and Piperettes will open district roundball warfare Tuesday night in Anson when they take on the Tigers. The B game will start at 5:30, the girls at about 7 and the A boys at about 8.

All three teams have one more non-conference game on tap before the district battle opens, this is with Jayton tonight (Thursday). The games

will be played in Jayton and will start at 5:30.

Coach Jerry Larned's Pipers evened up their season record here Tuesday night when they fell to Snyder, 59-49. They now have an 8-8 record. Mike Shivers was high point man in the Snyder game with 18.

The Pipers will be opening the season against the district favorites, Anson, Tuesday. In a poll of district coaches Anson was picked on top, followed by Stamford, Haskell, Winters, Hamlin and Ballinger. Anson and Haskell have each lost only two games this season and Anson was winner of the McMurry and Hawley tournaments.

The Piperettes, under Coach Dan Truelove, own a 12-4 season record and are probably co-favorites for district honors, sharing in the lead with Lakeview and Haskell. Lakeview is new to this district this year and were bi-district champions in their old district last year, falling to Hamlin in the Regional Tournament in Lubbock.

Shivers and Robert Pearce

share the top scoring honors for the Pipers according to information kept by Larned with Shivers scoring 278 points during the season and Pearce 280. Shivers average is 17.3 and Pearce's average is 17.4. Doyle Bell is the team's top rebounder and Larry Butler is top defensive player having been selected for the all-tournament team at the Stamford tourney.

JAMES EVANS DIES TUESDAY; RITES TODAY

James M. Evans, local mechanic and heavy machinery operator, died at Hamlin Memorial Hospital Wednesday at 6:15 a.m. after suffering a heart attack the previous day. Services will be held today (Thursday) at 2 p.m. in Central Avenue Baptist Church. Officiating will be the pastor, the Rev. William Irwin, and the Rev. Royce Womack, pastor of the First Methodist Church.

Evans, a resident of the Sylvestor, McCaulley and Hamlin area for 53 years, was born Nov. 21, 1910, in Vernon. His parents were Mr. and Mrs. William Evans.

He was married to the former Mary Litton in August, 1935, in San Saba.

Survivors include the widow, Mary of Lampasas; one son, Jimmy of Fort Worth; step father, E. E. Gruben of Girard; four brothers, W. C. Gruben of Snyder, W. B. and C. R. Gruben of Brownwood, B. D. Gruben of Irving; two sisters Mrs. C. A. (Ruth) Crouch of Hamlin, Mrs. De Lois Bevels of Ft. Towson, Okla.; nieces and nephews.

Nephews will be pallbearers. Burial will be in Roby Cemetery.

On the grand jury are Monte Smart, Lueders; Durwood McCv, route 1, Hawley; B. F. Godfrey, Anson; Kenneth Herndon, Anson; Guy E. Steen, Route 3, Anson; J. H. Grogan, route 2, Anson;

Also Robert L. Fowler, Hamlin; Mrs. Ned Moore, Hamlin; Grant Flynt, Anson; Mrs. J. M. Sosebee, Anson, and Mrs. H. T. Steel, Anson.

John O'Neal's brother, Don, of Tyler and a sister, Mrs. Nancy Hendricks of Gorman visited in Hamlin last week.

JUDGE THOMAS RENDERS JUDGEMENT IN RILEY CASE

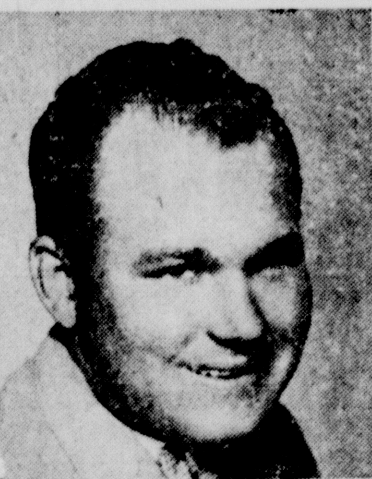

Judge Owen B. Thomas of 104th District Court in Anson Friday returned judgement in a case that has attracted much interest in the county, that of Haskell Riley of Anson vs. Farm Bureau Mutual Insurance Association.

The case was tried in early November and ran for some two and a half days. The jury found for the plaintiff but amount of the verdict was left to the judge.

The farm home of the Rileys was destroyed by fire. They had insurance with two companies although they had notified Grady Flynt of Anson to cancel policy with his firm. Mr. Flynt failed to cancel the policy and his company admitted liability.

The defendant in the case, alleged arson and refused to pay. Policy with this firm totaled \$14,000 and that with Grady Flynt was for \$8,000.

Jury found that arson was not involved and that the Rileys were entitled to payment

BOBBY CROWLEY

Bobby Crowley Leaves Tues. for 4-Weeks Training

Bobby Crowley, local post office employee for several years, left Hamlin Tuesday for Washington, D. C. for a four week training period in preparation for becoming a postal inspector.

Crowley, assistant postmaster since 1960, was honored by fellow employees at a dinner at the Oil Mill Guest House Friday evening at 7:30.

The postal employees presented the honoree with a gift of luggage.

Attending were: Mr. and Mrs. Crowley, Rickey and Dianna; Mr. and Mrs. Perry Sparks; Mr. and Mrs. Ed Lewis, Tony and Timmy; Mr. and Mrs. Don Elmore, Debbie and Randy; Mr. and Mrs. Johnny Hester.

Mr. and Mrs. Jack Russell, Wendy and Denise; Mr. and Mrs. Harold Bonner; Mr. and Mrs. Brad Rowland; Mr. and Mrs. E. L. Jenkins; Mr. and Mrs. Burnia Reid; Mr. and Mrs. W. L. Hunter and Mitzi and Mr. and Mrs. Roy Hennington.

Lubbock Civic Men Give Rotary Club Program Tuesday

About 25 civic leaders of Lubbock visited the Hamlin Rotary Club Wednesday noon in behalf of that city's bid for the School for Mentally Retarded to be located somewhere in West Texas.

B. E. Rushing Jr., chairman of the Lubbock group, presented the program. He explained that the school was authorized by the last session of the Texas Legislature and that is must be located west of the 100 Meridian, which is the line running North and South just west of Hamlin.

He gave requirements set for the school and the actions that have been taken by Lubbock to meet them. He pointed out that 64% of the people who live within the area bounded by the location as set out by the law live within 150 miles of Lubbock.

The group was on the fifth of their trips to the various sections of West Texas as they visited here with the Rotary Club.

The men are seeking resolutions from the various civic groups within each of the towns they visit endorsing their bid for the school.

L. J. Cunningham, president presided at the meeting.

Lions Club to Launch Fund Drive for 'Hut'

The Hamlin Lions Club voted Tuesday to sponsor a fund raising drive to build a Boy Scout Hut to be located on the Camp Fire Girl's lot, according to Lester Minton, president.

Arrangements have been made between the Boy Scouts and the Camp Fire Council for the Scouts to place their building on the northeast corner of the lot at Southwest Ave. E at Southwest First Streets. The planned 16 x 48 concrete tile building will face to the North. Plans are underway now to

secure as much of the building material as possible as donations or at cost with quite a bit of it already secured. No definite cost estimates are aving on the building as yet since the group does not know

how much of the material and labor will be donated.

The club is expecting to have to raise as much as \$2,000 for the building.

The old Scout hut that has been out at West Lake for a

number of years has been moved into town and as much material as possible will be used from it.

The Boy Scouts plan to sell the property they own that is located on SW Ave E and use the money on the project. Current plans call for the paving debt against the Camp Fire property being paid off during the drive.

No formal plans have been laid by the Lions as to the method they will use in raising the money. Committees will be appointed as soon as possible and they will decide the type of drive to be used.

Anyone interested in helping with the project in the meantime may contact either W. T. Johnson at the F and M National Bank or Lester Minton at Lone Star Gas Co.

For a number of years the Scouts have tried to maintain their hut out at the lake but vandalism has been so bad that for the past year or two they have been meeting at the Fire Station.

The local Scout Troop is sponsored by the Lions Club.

JUNIOR CLASS TO PRESENT 3-ACT COMEDY 'DEADLY ERNEST'

February 6, the Junior Class will present a three act comedy entitled "Deadly Ernest." The play is centered around the problems, laughs, and mysteries of Henry Gilcrest played by Jackie Townley. He lives in the boarding house of Aunt Ethel played by Mary Ann Elkins.

Critical Aunt Stella, played by Mary Ann Elkins, is always trying to get her sister, Aunt Ethel, to throw him out of the boarding house.

The daughter of Aunt Ethel, Pumpkin, played by Nancy Ford, and her friend, Jill, played by Carolyn Reynolds, always take up for Henry because they idolize him.

Two old maids, Clarissa played by Elizabeth Cunningham, and Ernestine, played by Marolyn Reynolds, seem to like Henry also.

And then, there is Gladys, played by Gladys Turner, Margie, also Aunt Stella's daughter, played by Mary Lois Patterson is always dreaming and hunting men. Finally, she finds a cowboy named Ernie played by Holman Jones.

While Henry is in all of his misery, he meets Mr. Bumpus, played by Larry Simpson. Mr. Bumpus and Sleepy, his friend played by Gary Caudle plan to put him out of his misery. Dr. Ernest, played by Johnny Overman, is just another upset in Henry's life. Also there is Aunt Stella's gentleman friend, C. E. Grimm, played by Pat Batchelor.

Stage director is Mrs. Charles Scott. Business manager is Mrs. Everett Gibson and stage manager is Mr. Harold Williams.

Student director is Connie Duncan and Rupert Compton is student business manager.

Nancy Ford is in charge of the girls tickets and Stanley Smith is in charge of the boys' ticket sales.

J. E. PIPPIN ANNOUNCES FOR SHERIFF

James E. Pippin, former city marshal of Lueders, and until Jan. 1 a member of the Anson Police Department, has announced his candidacy for the office of Jones County Sheriff.

The 40-year-old lawman has been a resident of Jones County for five years. He resigned the Anson police force position to enter the sheriff's race.

Pippin said, "I feel that I am qualified for the job, and if elected, I will do my very best to do a good job."

This is his first time to seek public office.

Pippin is married to the former Marie Schooler of Lueders. Her parents, Mr. and Mrs. O. K. Schooler now live at Boyd Chapel.

Mr. and Mrs. Pippin are members of the First Baptist Church of Anson.

He said he planned to begin campaigning for the office soon.

Driver has over ten years experience in the oil field supply business and is experienced in sub-surface pump repairs. Frank Shield is the other partner in the firm and he will operate the Throckmorton store.

Pump Service and Supply Company Locates Here

The new year brought a new business firm to Hamlin as the Pump Service and Supply Company opened a store here on South Central. The firm is owned by two partners in Throckmorton who operate a store there and one of the partners, Horace Driver, will operate the store here.

Driver, his wife and two children, a boy 7 and a girl 6, will move here as soon as they can locate suitable housing.

The company will handle oil field pumps and supplies, Fairbanks-Morse and Continental engine parts, Pacific Pumps, and Magito sales and service.

Announcement of the new schedule will be made in about two weeks. Plans also call for the library being open one evening each week.

Stonewall 4-H and FFA Livestock Show Set Feb. 1

Stonewall County 4-H and F.F.A. Livestock Show has been set for February 1 at Aspermont. This year there will be a horse division added to the show, which promises to be one of the largest shows ever, says County Agent Truette Hennig and Vocational Agricultural teacher, Beryl Jameson.

Some 20 beef calves, 40 lambs, 30 hogs, and 10 horses are to be shown. Billie Percival, County Agent from Dickens County, will judge the show.

MRS. BRUNER DIES AFTER LONG ILLNESS

Mrs. Mattie Bruner, 88, pioneer resident, died at 8:05 p.m. Tuesday in Hamlin Memorial Hospital where she had been a patient for 11 months.

Born Sept. 7, 1875, she was the daughter of Mr. and Mrs. Eli Letlar of Alma, Ark. She was married to L. B. Bruner in Grandview, Jan. 22, 1893. They moved to the Hamlin area in 1902. Mr. Bruner died Feb. 15, 1919.

She was a member of the First Baptist Church where services will be held Friday at 10 a.m. The pastor, Rev. Leonard Hartley, and John Burleson, pastor of Calvary Baptist Church will officiate. Burial will be in the Neinda Cemetery.

Survivors include five sons, Eli, Roy, Sam all of Hamlin, Leflar of Columbus, Ga., Horace of Abilene; four daughters, Mrs. Eva Johnson of Hamlin, Mrs. W. G. (Fannie) Fielder of Alpine; Mrs. Fred L. (Idella) Mayfield of Long Beach, Calif.; Mrs. Gene (Edith) Keister of Oklahoma City, Okla.; 11 grandchildren and 22 great-grandchildren.

Grandsons will serve as pallbearers.

B&PW Club to Hear District Director At Jan. 14 Dinner

Mrs. Vera Stokes of Coleman, District Director of District Seven, Texas Business and Professional Women's Clubs, will be guest speaker at the January 14 dinner and program meeting of the Hamlin Club.

The committee on Public Relations and Public Affairs of which Mrs. Ned Moore is chairman, is in charge of the

Others on the committee are Mrs. A. A. Hackley, Mrs. Bobby Seifres, Mrs. Tom Teague and Mrs. Opal Smith.

James Rodgers Speaks to P-TA Meeting Thurs.

James E. Rodgers, local Certified Public Accountant, spoke to the members of the Hamlin Elementary Parent-Teachers Association at the meeting held Thursday at 4 p.m. in the primary cafeteria. Using "Master or Servant of Finances?" as the subject, he discussed the importance of a family budget in good home management.

The invocation was given by Rev. Royce Womack, pastor of the First Methodist Church. Mrs. Bill Early gave the thought of the month.

News and Views . . .

and what have you

by BOB CRAIG

Sometimes you can be amazed at how easy it is to get things done when you just try. W. T. Johnson is finding this out since he started work on the Boy Scout Hut to be built on the Camp Fire property.

Johnson got interested in the project this past Sunday and by Tuesday he had all of the sand and gravel needed, the plumbing work donated, the steel for the foundation donated, leads on most of the other material, and an undetermined amount of labor and money promised.

W. T. says he is just holding his breath now for fear that there will be a hitch somewhere.

The project started out to be relatively simple in that a group of men interested in Scouting and the Lions Club were going to move the old hut to town and fix it up, but after some went out to look at the building they decided that it would cost more to make something out of the building than it would would to build a new one.

Like most worthwhile projects you can find a great number of people ready to help in anyway they can of somebody will just get them started. In this case it was W. T.

While there have been some who doubt the wisdom of locating the Boy Scout hut on the same lot as the Camp Fire hut, it will probably prove in the long run to be a very profitable venture for both groups in that it will be easier to make something that the whole town can be proud of with both organizations behind a more or less single project.

It would seem to us that the project should not end with the construction of the Boy Scout hut but should continue until the Camp Fire hut is either remodeled or replaced. This would be a good undertaking for either the Lions Club or some other civic club to take over after this first drive is finished.

With County politics shaping up into some possible race and with this to be a Presidential election year, poll tax receipts should be in great demand.

While there is a lot of confusion over the poll tax issue this year, they will still be needed to vote in Texas for another year.

Poll tax receipts are being issued again at BCD office as a courtesy of the organization, and since a great number of people did not pay their poll taxes when they paid their other County taxes the local sub-station should be a service this year to even more people.

Tickets will go on sale this week to the annual BCD banquet and for people who are looking for a bargain this is their opportunity. The tickets will be sold here in Hamlin during the month of January for \$2.00, this is 50c less than the regular price that will be charged between the first of February and the banquet on the seventh.

The organization voted to try selling the tickets at a reduced rate in the hope that more local people will attend. —Continued on Page 8

ROY ARLEDGE SEEKS SECOND TERM IN HOUSE

State Representative Roy Arledge authorized the Hamlin Herald to announce this week that he will seek re-election to the State Legislature. Arledge, a Stamford business man, is seeking a second term to the House of Representatives from this district. He will make a formal announcement at a later date.

NEINDA PHILOSOPHER WORRIED ABOUT THE 27 PEOPLE IN TOWN WHO ARE DEPENDING ON HIM

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 has encountered some statistics, his letter this week indicates.

If you can believe statistics, the farm population of the United States finally will get about to zero, and my theory will be borne out that the government will set up a preserve to protect the few last remaining farmers like it does the disappearing whooping cranes.

I thought it was bad enough when the percentage of farmers in this country dropped to 20 per cent, but then it fell to 15, then to 12, and according to the last estimate only 10 per cent of the people of this country are now farmers.

Furthermore, I heard an expert on television last night predict that the future will drop to 6 per cent in a few years, and that whereas each farmer now feeds 27 people in town, it won't be long before he's feeding 35.

I am not prepared to say that farmers who have been moving to town are culls, as a friend of mine contends, because it's been my observation that most towns and cities had problems they couldn't handle long before farmers moved in. Town problems can't be blamed on ex-farmers any more than Washington can be blamed for Congress. I have no figures on what percentage of Congressmen are ex-farmers.

who's doing the dishes tonight?

That's a silly question. I take it for granted you are, mom. Do you know that it's been proven the average woman puts in over sixty 8-hour working days per year in hand-washing dishes? ... time that you can put to far better use.

An automatic dishwasher is the answer to your dishwashing chore. It will save you more than half of your after-meal cleanup time, and keep the kitchen neat and clean after between meal snacks. As sure as I'm Reddy Kilowatt, you'll have to admit that continuing to do the dishes by hand is about as pointless as laundering the clothes by hand.

But what this whole thing got me to thinking about was, I wonder how those 27 people in town depend on me are getting along? If there are 27 people in Hamlin expecting me to grow enough to feed them in 1964, my advice to them is to start a garden quick.

Years Ago ...

FIVE YEARS AGO:
Cadet Major Jack W. Drummond is one of four Texas Technological college students who have been designated as distinguished Air Force ROTC Cadets. Lt. Colonel N. B. Wilkenson, AFROTC Commanding officer, has announced in a release from Lubbock to the Herald.

A low reading of 13 degrees was recorded by thermometers in the region during the night Sunday, which was the lowest the mercury has been since 1946 when a low of 10 was tabbed.

Sandra Kay Helms and Herbert L. (Hub) Hopper repeated wedding vows Saturday p.m. at 2 o'clock at the North Central Avenue Baptist Church.

TEN YEARS AGO:
Cotton Farmers of the Hamlin section, although smarting under the 28 per cent allotments, are expected to approve the parity program in voting next Monday.

Additional land for the big new \$500,000 gas plant has been leased on the Toler tract, seven miles northeast of Hamlin, on which construction has started.

FIFTEEN YEARS AGO:
Jeanine Johnston, daughter of Mr. and Mrs. Johnston of Hamlin has been named Bronco Sweetheart at Hardin-Simmons University in Abilene. She is a senior student at H-SU.

"The Birth of Christ in Prophecy and Gospel" Christmas cantata, will be presented Sunday night at the First Baptist Church, according to Rev. A. R. Posey, the pastor.

TWENTY YEARS AGO:
Mrs. A. H. Carlton informs the Herald that her son, Weldon, is getting along fine in Venezuela. He is working for the Shell Oil Company doing survey work.

Bank deposits and postal receipts at Hamlin indicate that business is up to par with 1937. Postal receipts total \$15,617.81 for the first 11 months of this year, according to Harold Bonner, postmaster.

TWENTY FIVE YEARS AGO:
Dads and friends of the Hamlin High School Pied Piper football team entertained the gridders at a banquet Monday evening at the Morgan Hotel dining room.

THIRTY YEARS AGO:
A big crowd of community folks attended a box supper sale at the Dovie school house Saturday night. More than \$175 was netted from the sale, proceeds to be used for purchasing playground equipment for the school, five miles east of Hamlin.

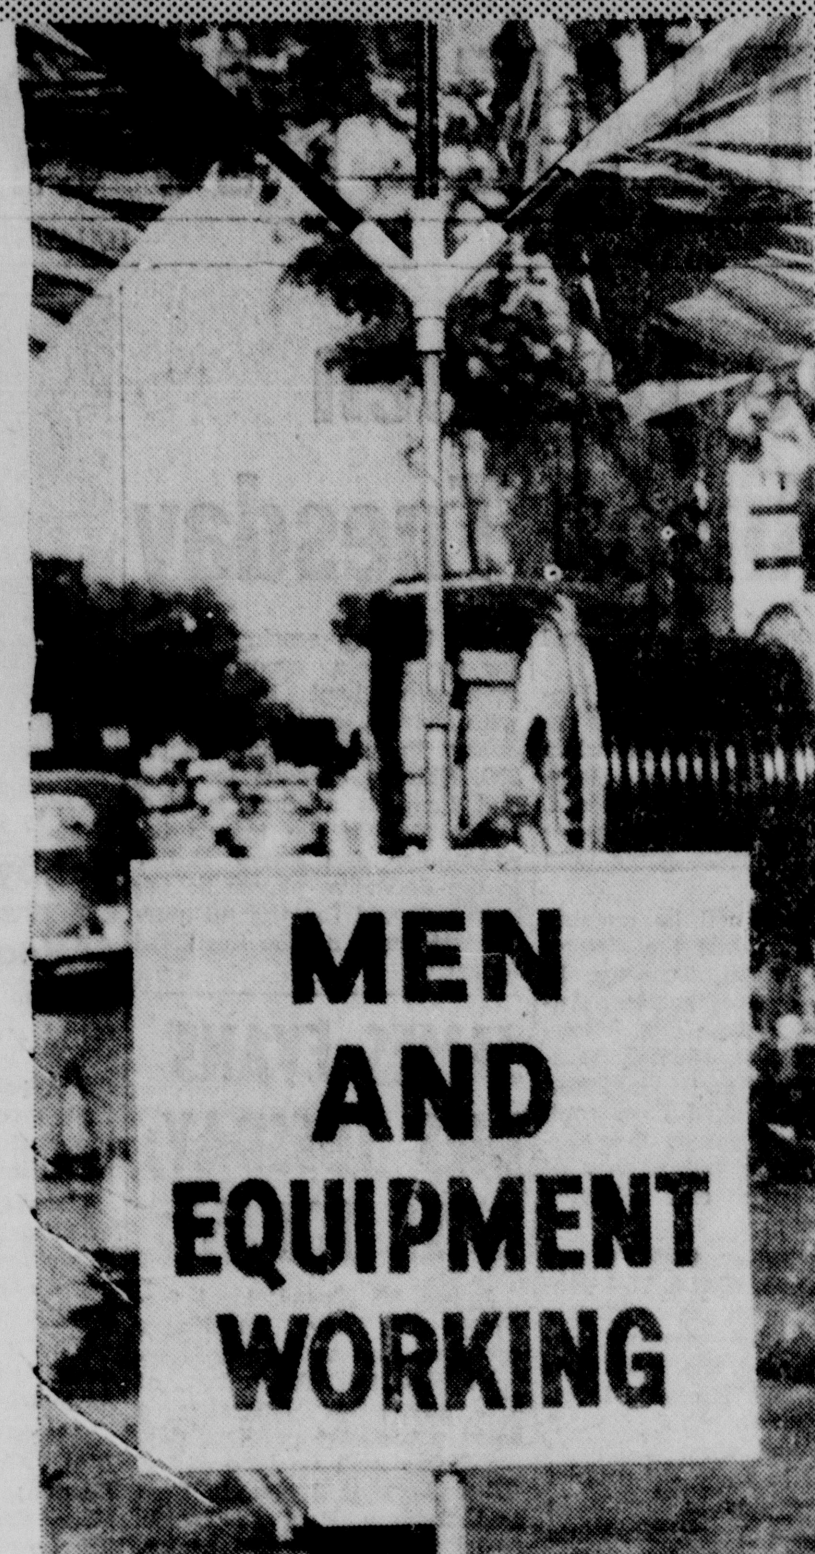

Gibson Motor Co. announces the new Chevrolets for 1929. Prices begin at \$525 for the roadster.

Ether is produced by distillation of alcohol with sulphuric acid.

MEN WORKING

This is the sign that should be lifted high in our beloved country — "Men Working." Men working with all they have and are, for a country that must show the world how to live in brotherhood and love and peace under God.

Let us resolve to dedicate anew our lives and our talents to our country and our God when we attend church this Sunday.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

HONORED ON ANNIVERSARY—Mr. and Mrs. D. W. Carlton, 4512 Panola Ave., Fort Worth, former residents of Hamlin were honored Sunday, Dec. 28, with an open house in observance of their 50th wedding anniversary. The celebration was held in the home of a daughter, Mrs. F. L. Reynolds in Fort Worth. The Carltons were married Dec. 23, 1913 in Campbell. They lived in Hamlin 37 years before moving to Fort Worth. They were active members of Faith Methodist Church.

FAIRVIEW NEWS

By MRS. ELMER JOINER

A new year has come since last week's writing, but about the only difference we can see is writing 1964, instead of the 1963. We are having the same kind of weather, every one is having the same kind of colds, aches and pains, and the worst thing everyone is a year older. Even the same old T.V. commercials, same old political speeches, bringing in an election year, but after all, there is always something exciting about a new year, new hopes, new resolutions which are soon broken, new dreams that this year will be the best we ever had.

The new year brought the realization to this writer that my husband and I have been together for a long time. Sunday, January 5th, we were married forty years, and that is several years, according to any body's time. We were married in the old parsonage, which stood until the new church building was erected, no, the brick one, but farther back than it, by the Rev. J. H. Edmunds, pioneer Baptist pastor in Jones county.

Folks are still being sick with colds, mostly, seems like every one just can't get well at once, about this time of year it always seems to be that way. But we are glad to report that Mrs. Raligh Bond got to come home from the hospital, Saturday.

Mr. and Mrs. Flavil Holmes had the flu last week, but are on the mend now, able to attend church Sunday.

Little Kristy Leverett got over her cold in time to celebrate her first birthday, last Tuesday, which was the last day of the old year, she was a little tax deduction last year. Mrs. Henry made a trip to Idalou, out near Lubbock, Saturday, to the home of his sister, Mrs. G. K. Bullock. Several of his folks were there, in honor of a sister, who

is visiting from California, Mrs. Minnie Lee Bowman.

Mr. and Mrs. O. D. Roland, Hamlin, visited with Mr. and Mrs. Fred Rosenbaum, last Thursday night.

Mr. and Mrs. Elmer Joiner went to Odessa Monday and returned Tuesday, to visit with their son, Mr. and Mrs. Buck Joiner and children.

Visitors of the Winslow Grays last week were, Mr. and Mrs. Arnold Cogburn and Kathy Sue, from Happy, Texas. They were Mr. Gray's cousins.

Speaking of wedding anniversaries, it seems that Mr. and Mrs. Winslow Gray had one Saturday, January 4, which made them 28 years together.

Mr. and Mrs. H. L. Ford went to the Rosenbaums again Tuesday night, to play 42. From all reports, they have some hot games, with the men against the ladies.

Mr. and Mrs. Robert Rhoton were visitors in the Winslow Gray home, Friday night.

Attendance was up again in church services Sunday and Sunday night, but it could still be more. We urge you again, as we have in the past, if you are not attending church some where, to come worship with us. We are only a short way from town, on a good road, and if you live in town and enjoy going to a smaller church, we would give you a warm welcome out our way.

Ginger Rogers won a Charleston contest in Ft. Worth, and thereby entered upon the career that led to movie stardom.

The car on top is a 1964 Dodge 330 two-door sedan. It has a unitized, rust-protected body, front seat belts, an alternator electrical system, self-adjusting brakes and a 225 cubic inch, six-cylinder engine. It will go 32,000 miles between major grease jobs, 4,000 miles between oil changes.

The car on the bottom is the same model,

a 1964 Dodge 330 two-door sedan. And we can say the same good things about it.

There's one difference. It's equipped the way many people buy cars these days.

For a fact, Dodge offers a full line of cars in the low-price field. Sedans, hardtops, convertibles, wagons, the works. They call 'em "The Dependables," because they are.

FORMER HAMLIN MAN WEDS ABILENE GIRL DECEMBER 27

Mary Jo Brazil became the bride of David Monroe Karnes in a candlelight ceremony at 7:30 p.m. Dec. 27, 1963, in the Crescent Heights Baptist Church, Abilene.

The Rev. Wayne Allen officiated at the double ring rites. Wedding music was presented by Mrs. Coleman Shaddix, organist, and Ken Mayhall, vocalist.

The bride is the daughter of Mr. and Mrs. Ben V. Brazil of 3257 Vogel of Abilene. Mrs. Darlene Lester of Bell Gardens, Calif. is mother of the bridegroom, and he is the nephew of Mr. and Mrs. W. C. Lockhart of Route 3, Hamlin.

The bride was given in marriage by her father. Her formal gown of peau de sole and chintilly lace had a molded bodice with long tapered sleeves, with a sabrina neckline sparkling with sequins. The bouffant skirt with overskirt edged in lace was caught in front with lace roses and had a chapel train. Her fingertip veil of silk illusion was held by a tiara of seed pearls. The bridal bouquet was a white orchid and feathered carnations on a white ribbon.

Attendants to the bride were Mrs. John Scott, matron of honor, Annie Brazil, sister of the bride, maid of honor, and Mrs. Simon Vead as bridesmaid. They wore identical red velvet dresses with fitted

bodices and bell skirts. Their headresses were red satin bows with brief veils. They carried feathered peppermint carnations fashioned into a nosegay.

Donna Dee Dennis of Moran and Shelly Jo Reeves lighted candles. Evelyn Gay Wagley and Janet Kay Lockhart were flower girls. Allen Farmer was ring bearer.

Serving the bridegroom as best man was his cousin, Ardenne Lockhart. Groomsmen were Tommy Hrbain and Ralph Wagley of Moran, brother-in-

law of the bride. Ushers were Wayne Reeves and Bob Reeder.

A reception in Fellowship Hall at the church followed the ceremony. Miss Ann Farmer registered guests. Other members in the houseparty were Glenda Farmer, Linda

Thorn and Mrs. Harvey Mitchell.

The bride is a graduate of Abilene High School where she was a member of Future Homemakers of America, and until the time of her marriage was employed by the G. C. Murphy Co.

THE HAMLIN HERALD

JANUARY 9, 1964

The bridegroom is a graduate of Hamlin High School where he was a member of the Hamlin High School band and is now serving in the U. S. Air Force. After January 10, the couple will be at home in Albany, Georgia.

Mr. and Mrs. W. C. Lockhart and Mr. and Mrs. Ardenne Lockhart were hosts for a rehearsal dinner Thursday evening at Arthur's Cafeteria.

Study Club Hears Round Table Talk On Family Affairs

The Fifty-two Study Club met Friday at 1:45 in the home of Mrs. Dale Lain for the regular meeting and workshop for making reports. As roll call each member gave a New Year's Resolution.

Mrs. Lain was program director. Those taking part in the round table discussion on Christian Answers to Family Problems were: Mrs. Elbert Payne, Discipline in the Home; Mrs. C. R. Crowley, Conflict in Marriage; Mrs. Irby Weaver, Marriage is for the Mature; Mrs. J. E. McCoy, Relation to Relatives; Mrs. Burt Oliver, The Christian Family and its Aged Members.

Mrs. Oliver gave the parliamentary report.

The club's collect was repeated by the members and the meeting adjourned.

The members then worked on committee reports to be sent to the district chairman by Jan. 15.

Mrs. W. A. Cassle Reviews Book for Literary Club Fri.

"Over the Threshold" a religious novel written by Clara Verner, graduate of Hamlin High School, was reviewed by Mrs. W. A. Cassle for members of the Women's Literary Club Friday afternoon.

Mrs. S. L. Tate was hostess for the 3 p.m. meeting. Mrs. L. H. McBride, program director, introduced Mrs. Cassle.

Federation news was presented by Mrs. W. L. Hunter Jr.

During the business session, with Mrs. Carl Murrell presiding, the members decided to meet with Mrs. Murrell Friday at 1 p.m. to complete reports to be sent in to the District by Jan. 15.

The meeting was closed with a prayer by Mrs. Lenard Hartley.

Post Office Seeking Bids for Larger Quarters Here

The Post Office Department is seeking competitive bids for a building to house its postal operations at Hamlin, Texas. Postmaster General John A. Gronouski announced recently.

Under the Department's Lease Construction Program, a contract will be awarded to the bidder who designates a building suitable to the Department's needs and agrees to improve it in accordance with Departmental specifications, and then lease it to the Department for a basic period of ten years, with options to renew the lease for additional ten years. The preferred location is bounded by Lake Drive on the north; Southeast Avenue "A" on the east; Fifth Street on the south; and southwest Avenue "A" on the west. The Department's capital investment will be limited substantially to postal equipment. The building will remain under private ownership, with the owner paying local real estate taxes.

Mr. and Mrs. Gary Don Seay of Stamford are parents of a son, Gary Wayne, born here Sunday weighing 7 lbs.

OLD GLORY...

The Old Glory girls added to their collection of trophies when they brought home first place trophy from the Jayton Tournament played last week.

On Thursday the Old Glory girls defeated the Roaring Springs Yellowjackets 45 to 37. Nancy Vahlenkamp scored 23 points for Old Glory and Trudy Hands scored 21 for Roaring Springs.

The next day our girls won over Guthrie 38-22. Stephanie Letz scored 20 points for Old Glory and Lela Crawford scored 10 for the Guthrie Jaguars.

For the championship game Saturday night Old Glory beat Spurettes 34-27. Nancy Vahlenkamp netted 18 and Linda Clay scored 13 for Spur.

Old Glory boys took the third place trophy in the Tournament Saturday night. They began Thursday by defeating Roaring Springs 52 to 32. Larry Flow scored 16 points for Old Glory while McGee scored 12 points for Roaring Springs.

On Friday the Old Glory boys lost to Guthrie 52-43. Donald Boles made 16 points. Ronnie Flowers made 13 points for Guthrie.

Saturday night for the third place trophy Old Glory defeated Spur 54-37. Larry Flow placed 19 points for Old

Glory. Neaves and Alexander put in 11 each for Spur.

The Girl in the Center Ring

You're looking at 18-year old Vicki Unus, Ringling's star performer in "The Greatest Show on Earth."

Authorities on physical fitness say that her performance exemplifies the grace, coordination, agility and confidence that girls can develop through vigorous daily exercise. And these are assets of body and mind that all girls could and should have—regardless of what they intend to do in the future.

But most girls nowadays shun the healthful activities that could make them look and feel better, and have more enthusiasm for life in general.

What about your young daughter? Perhaps she, like the average high school student, spends 15 to 30 inactive hours a week watching television—and less than two hours a week in activities that build physical fitness.

The healthy, energetic, self-disciplined young women that our country needs could be developed—if every school had a daily period of planned, supervised, vigorous activity. Provision of such a program in all schools of our nation is a basic national need, according to the President's Council on Physical Fitness.

To help your daughter—or your son—realize their full potential for health and physical efficiency, parents must take an active interest in initiating and improving fitness programs. Make your concern known to your local school officials and community leaders. They will welcome your interest and support.

For a free booklet to help you evaluate the physical fitness program in your child's school, write to the President's Council on Physical Fitness, Washington 25, D. C.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — Austin has settled back to being just the capital of Texas after nearly two hectic weeks news-wise as the vacation White House. Dozens of top cabinet officers, military leaders and federal agency heads followed German Chancellor Ludwig Erhard and his advisors to the LBJ Ranch for conferences with President Lyndon Johnson.

progress toward world peace emerged from the President's international discussions. The federal budget and economy were spotlighted in the domestic talks.

Before he departed, White House sources gave insights into the President's thinking. He does not feel the U. S. can drag its feet until after election this year before pressing for new peace breakthroughs.

He regards civil rights and the \$11,000,000 tax cut as legislative "musts". Also, he has expressed support for the medicare program of aid to the aged.

Reducing the budget to save money for essential human needs, including education, is regarded by the President as of concern to all Americans. He hopes cost cutting will serve as a pattern for future years.

Slum clearance and "a home for every American" are seen as goals of his administration. Some newsmen interpreted this as a likely 1964 campaign slogan.

Johnson hopes to steadily improve American preparedness. But he is strong for elimination of obsolescence, particularly old bases and installations retained in the budget for political reasons.

Congressional leaders will run their own legislative show. But the new President won't hesitate to ask old congressional friends for what he thinks is needed.

Johnson hopes to draw on the talents of both business and labor to render public service.

He is concerned about unemployment and is calling for new solutions.

PRISON POPULATION REDUCED — For the first time in 18 years, the number of prisoners in the Texas Department of Correction shows a decrease.

Department Director Dr. George Beto reports that the December 31 count was 12,150, compared with 12,203 the year before. Since 1945, there has been a steady climb in number of prison inmates.

Beto cited these reasons for leveling off: more adequate parole supervision; opening of a new first-offender unit; a pre-release program of preparing prisoners for freedom; an expanded trusty program; and overall improvement in the prison treatment program.

Prison chief said the reduction not only will save money on prison care, but also in welfare funds spent on families of inmates, not to mention restoring prisoners to productive lives as citizens and taxpayers.

PRISON SYSTEM IN-COME — Farm products and livestock produced more than \$6,500,000 of the prison system's 1962 income, according to the auditor's report just released. Other sources were: manufactured products, \$3,704,616; oil and gas leases, \$39,237; miscellaneous, \$3,287,167.

Report placed total income from farms and farm industries at \$10,144,773, with expenses of \$14,304,734 for a deficit of \$4,159,961.

Manufacturing operations include license plates, shoes, textiles, clothing and other products.

SCHOOL INCOME THREAT — Texas school income will be drastically reduced under the Federal Power Commission set, an adequate price for gas in the Texas Gulf Coast area and the Hugoton-Anadarko area of the Texas Panhandle, Attorney General Carr contends.

Carr has filed a petition to intervene in price hearings ordered by FPC to determine reasonable rates for sale of natural gas in the areas.

Earlier he filed briefs requesting FPC to set the price of all gas in the Permian Basin area at 21 cents MCF. The FPC sought a nine-cent MCF rate for casinghead gas and 12.7 cents MCF for gas well gas.

Attorney General noted in his brief that Texas levies a 7 per cent occupation tax based on market value of the gas at the well head to help support state government.

He also pointed out that the University of Texas system owns more than 4,700,000 acres of land in the Permian Basin area. Bonus money and

royalty income from this gas acreage goes to the permanent school fund for Texas education. More than 18,000,000 acres of state land are involved in the Gulf Coast hearing.

IMPORT PROGRAM "INEFFECTIVE" — Basic structural deficiencies in the mandatory oil import program have rendered it "both ineffective and politically inappropriate," according to a Texas representative to the Sixth World Petroleum Congress.

Sen. Charles Herring of Austin so concluded in his report to Gov. Connally.

The time has arrived, Herring stated, "for a comprehensive review of the program, leading toward the evolving of a whole new approach."

The Senator found "evidence of a serious monopoly trend within the petroleum industry" and no basis for assuming that corrective forces "will emerge from within the industry itself."

Herring said Texas is suffering "grave economic damage" from its attempts to balance supply with effective demand and to "serve as a balance wheel to world oversupply."

HAY FREIGHT HIKE SOUGHT — Although the hay storage has shoved prices up to double the normal, hard-pressed Texas ranchers and dairymen may have another cost increase in sight.

Railroad Commission already has been asked by the Livestock Carriers Association of Texas to increase truck freight rates on hay and cottonseed hulls.

A hearing on the application has been set by the Commission's rate division for January 20. In some cases this would mean a rate increase of more than 100 per cent.

HIGHER EDUCATION — Governor Connally is expected to decide soon whether to designate an extensive state agency to administer an estimated \$11,600,000 worth of Federal grants for college construction facilities in fiscal 1964 or create a new State commission on higher education.

Although the Texas Commission on Higher Education is responsible for the administration of State senior colleges and universities, junior colleges — which would get some \$2,700,000 of the grant money — come under the jurisdiction

of the State Board of Education. There is no State agency for private colleges.

The construction-aid program is designated for both public and private colleges. Connally's decision must meet with approval of the U. S. Commissioner on Education and be confirmed by Attorney General Carr.

A viewpoint on public education, recently advanced by a subcommittee of the Governor's Committee on Education Beyond the High School, was expressed by the Education Policies Commission of the National Education Association and American Association of School Administrators. Commission recommended that American youths receive two more years of free education after high school.

System proposed is much like that in operation in California. There any high school graduate may pursue his tuition-free education in public junior or two-year college.

RAIN-MAKING — John Carr, hydrologist for the Texas Water Commission, has been making local talks on what other states have done about legislation on rain-making.

A major in the Air Force Weather Service, Carr has been gathering information on rain-making and hurricane-breaking as it applies to the Texas climate.

STATE SCHOOL MEETING SET — Board for State Hospitals and Special Schools Site Selections Committee will meet January 13 to discuss site proposals for locating a newly-authorized West Texas State School for the mentally-retarded.

The school, to be located somewhere "West of the 100th Meridian", has been offered a "home" by many West Texas communities, including El Paso, Lubbock, Plainview and others. All the cities are involved in ardent community campaigns for the industrial stimulation brought about by such an institution.

ARBOR DAY SET — Governor Connally has proclaimed January 17 as Arbor Day in Texas. In a special observance, the Texas Forestry Association will plant several pecan seedlings on the Capitol grounds.

The pecan is the State Tree

of Texas.

DINNER DECISION — Texas Democratic party will share with the national Democratic Committee \$270,000 contributed for tickets to the Nov. 22 Kennedy - Johnson "welcome dinner" which never came off. Donors will get a record album of Kennedy's last speeches and souvenir programs which had been prepared for the event.

SHORT SNORTS — Application for a charter for Texas State Bank at Abilene has been filed with the State Banking Department. Irregular behavior of the business barometers in November support the belief business may be leveling off and approaching the end of the current upswing which began in February, 1961, UT Bureau of Business Research concludes.

Texas Water Commission will hold a hearing on January 28 on proposals to rebuild Tyler State Park Dam. It broke last summer, drawing the 1,090-acre foot reservoir. Howard Dodgen, former executive secretary of the old Game and Fish Commission, will join the National Wildlife Management Institute in Texas to do research and development work. The organization is supported by sportsmen's endowment contributions. John M. Hoyt of Longview has been named a Texas Ranger. He will be assigned to the Houston company of rangers, known officially as Company A.

"Enchanted Rock" between Fredericksburg and Llano, Texas, is a piece of granite some 500 feet high, and covering about a square mile.

Queen Caroline, the wife of George IV, was known as the "Unhappy Queen of England."

'64 Jet-smooth Luxury Chevrolet

What does it take to make a car a great highway performer?

If the car happens to be a '64 Chevrolet, one thing only. A highway.

You'll find everything else already neatly packaged for you—on the car exactly as you pick it off the showroom floor.

There's a choice of seven engines—all the way up to a twin-carb high-compression 425-hp V8*—and four transmissions, including a finely honed 4-speed stick shift.*

And underlying it all—a bump-skimming Jet-smooth ride that helps keep the performance great even when the highways aren't so great.

What about special performance equipment? Professional driving skills? Forget them.

Nobody has to doctor or coax or soup up these Chevrolets to get the best out of them. And that's really the test of a great highway performer: Just about anyone can get a kick out of driving one, just about anywhere, just as it comes out of the showroom.

Next time you're out your dealer's way, allow a few extra minutes to sample one of these highway performers on your own. A few are really all you'll need. That's enough time to do a lot of driving in a Chevrolet.

THANK YOU...

We wish to thank all of the Hamlin Merchants and The Hamlin Volunteer Fire Department for their help in making our Christmas Eve Show a success. Without their cooperation the show would not have been possible.

We would especially like to thank the merchants for the prizes and money they donated to the children and to the Fire Boys for their efforts in securing the prizes and promoting the show.

the banquet. Some years it has been embarrassing in that there have been more people here from out of town than there have been local people in attendance.
The only way that the BCD can come out on the reduced price is for enough people who have not attended in the past to take advantage of this offer and by being able to better estimate the crowd before time to order the food. In years past the organization has had to pay as much as \$100 for uneaten food because the attendance was so poor.

We find it very hard to understand how people can complain so much about paying \$2.50 per plate for the annual banquet when they know that the organization does well to break even on the affair and even if they were to show a profit it would be for a good cause.

We hope that this reduced rate will bring the attendance up to where it should be. If this does not help the attendance and the organization goes further in the hole this year than they have in the past it is doubtful that the reduced rate can be tried again.

So why not help your fellow

citizens to have the worries of the banquet on their hands out by buying your tickets at your earliest opportunity.

Tickets are now on sale at a special "buy early" price for the annual banquet sponsored by the Hamlin Board of Community Development to be held February 7 in the high school gymnasium. During January the tickets can be purchased for \$2.00, a 50c savings over the regular price. The program will feature introduction of new officers and the directors.

Featured speaker will be Lewis Timberlake, former Stamford resident, former state representative of the Texas Jaycees, and now of Austin where he is vice president of Western Republic Life Insurance Company.

Tickets will be sold in Hamlin for \$2.00 during this "Buy Early" special. After February the price will be \$2.50.

The reduced price on advance ticket sales to stimulate interest resulting in a better crowd and to give those in charge of food planning a better idea of the number to expect.

Mrs. Simmons Gets Trip to Mexico as Christmas Present

Mrs. James Simmons received a trip to Mexico City, Mexico, during the Christmas holidays as a gift from her brothers. Mrs. Simmons left Love Field in Dallas Christmas night and returned Sunday evening, Dec. 29.

Mrs. Simmons spent Christmas with her mother, Mrs. Julia Smyers, and her brothers, Paul and Gene, in Fort Worth before the trip.

Flying American Airlines Astro-jet, it was her first plane trip. Arriving in Mexico City in freezing weather which is very unusual for that country, Mrs. Simmons said it soon warmed up and her tours from the City were most enjoyable.

She was accompanied by a friend, Miss Ellen Royce, a teacher in Grand Prairie schools.
